EXPERTISE

Igor Dykunskeyy has been advising international, mainly German-speaking commercial enterprises in Ukraine for over 10 years. In addition to providing ongoing legal advice, he is responsible for business acquisitions and greenfield investments.

Igor Dykunskeyy managed a significant number of M&A transactions, guided numerous clients through due diligence, merger applications and the subsequent structuring of the transactions.

His other practice areas include labour law and renewable energy law. Here, Igor Dykunskeyy can draw on his extensive experience, especially for implementing solar energy projects in Ukraine.

Igor Dykunskeyy also boasts distinct expertise in developing distribution structures, as well as in asserting and enforcing creditor's claims.

REFERENCES
