

Use of image for commercial purposes in Ukraine

Lawyers of DLF attorneys-at-law prepared a comprehensive publication dealing with the use of image for commercial purposes in Ukraine. This is one of the first articles dedicated to this kind of legal topic in Ukraine.

The publication deals with an image as object of intellectual property and discusses legal basis of use of images for commercial purposes, including use of images from photobanks and fair use for commercial purposes. In addition, the issue of liability for breach of intellectual property rights is also covered.
