

## Our Team

### LAWYERS IN UKRAINE SPEAKING YOUR LANGUAGE

Our team consists of highly competent legal and tax consultants, who draw on their long-standing experience in the areas we practice in. This means we can guarantee our customers all-embracing advice. Thanks to our in-depth knowledge of legal issues and the practical situation in the relevant economic sector, we provide our customers with effective support on all legal aspects connected with the implementation of all kinds of projects from their start through to successful finish.

Our attorneys are also highly valued for their excellent foreign language skills, which is a critical factor nowadays. Fluency in German and English allows us to provide you with top quality consulting services in both of these languages.

We specialize in a wide range of areas, including M&A, corporate law, labour law, real estate law, contract law, tax law, intellectual property law, renewable energy law, conduction of legal proceedings, dispute resolution and settlement, antitrust law, competition law, insolvency and company restructuring.

Our attorneys have extensive expertise and industry-specific knowledge, as well as structured and result-oriented working methods, and they aim to find a customized solution for your business.
